Endorsed by: PM Meeting , HE Academic Board & LCC Policy Panel

Scope and Purpose of Policy

This policy applies to academic appeals made in relation to Leeds City College Foundation Degree awards, and seeks to uphold the principles of fairness, consistency, equity and equal opportunities.

Its purpose is to ensure that academic appeals are dealt with fairly, efficiently, in a timely manner and in accordance with the precepts set out in the Quality Assurance Agency UK revised Quality Code for Higher Education: Concerns, Complaints and Appeals, and the Office of the Independent Adjudicator (OIA) Good Practice Framework for Handling Complaints and Academic Appeals.

Distinction Between Appeals and Complaints

This policy, and its accompanying process, only applies to academic appeals which is understood to mean the following:

- A request that is made to review a decision that has been made in relation to the progress of the appellant on his/her programme of study, including the award of any qualification as a result of that progress.

Other matters of complaint or dispute involving a student and the college will be referred to as complaints and will be considered under the Leeds City College Complaints process.

This policy (and the academic regulations that underpin it) refer to an individual student throughout but can apply to a group of students.

Definition of Academic Judgement

This is considered to be the mark or grade awarded for an individual piece of work – whether coursework, written examination or similar, and whether formative or summative – or the award of an overall grade or classification for an award and shall be regarded as the academic judgement of the examiner or examiners, or the Board of Examiners concerned, and as such shall not be appealable under these or any other regulations or procedures of the College.

A candidate who wishes to question academic judgement shall be entitled to ask the examiner, or Board of Examiners to confirm that the work has been marked in accordance with the academic regulations and procedures in force at the time governing such matters as second marking, and referral to the external examiner. Provided such confirmation is provided in writing, with an explanation of the procedures followed, the matter shall be deemed closed and the mark or other decision upheld.
