

## School Liaison Offer

Our School Liaison team is privileged and proud to work in partnership with schools, colleges, and education settings throughout the whole of Yorkshire. Our job is to create and deliver information sessions and activities to help students discover their post 16 options, and plan for their future.

### Campus Tours

We offer guided tours of all our campuses which enable students and staff to see our amazing facilities. These can be delivered on a one to one basis or as a group, at a time that suits you.

### Assemblies

We deliver assemblies across all year groups on a range of topics, from student pathways into further education to student life and wellbeing. These assemblies can be tailored to any areas you would like a focus on.

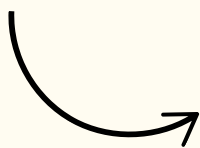

### Workshops

We have a variety of workshops that can be delivered both in your school or at one of our college campuses. These workshops can include post 16 and career pathway information, Careers in industry sessions (LMI) and developing transferable and interpersonal skills all done in a fun, engaging and interactive way.

### Transition talks

These sessions are aimed specifically at year 11 students who have applied for a course at our college, but are apprehensive or nervous about the interview process or starting the course in September. Our small group sessions builds students' confidence and help them prepare for life at college.
